BODGER BOUGERAND SONS COMPANY P. O. BOX 390 SEL MONTE, CALIFORNIA

BODGER
Seeds - 1958 CROP

As you can so plainly see by the illustrations Scarlet Lustre has an inimitably brilliant scarlet-red color that absolutely commands admiration. Augmenting this effect is the bulls-eye of yellow in the throat of each bloom. The flowers are 100% grandiflora in size and character, measuring $3\frac{1}{2}$ inches across and presenting the fancy waved and ruffled petal edges that have always been gardeners' favorites.

FI HYBRID GRANDIFLORA PETUNIA

Electros of the color plate on the front cover (without the overprinted Scarlet Lustre signature) are available under number 3119K at \$70.00 per set. The cut-down from that plate (shown on this page) is number 3122G, for \$40.00 per set.

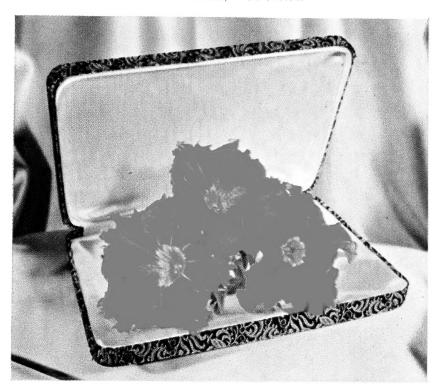

Electros of the jewel box color plate on this page are numbered 3120G and are available at \$40.00 per set. If you would like to have the 4-color signature cut it is number 3123, for \$20.00 per set.

FI HYBRID GRANDIFLORA PETUNIA

Weakness of plant was a flaw in earlier red grandiflora hybrids, but no such weakness mars Scarlet Lustre performance. This husky F₁ hybrid is not only beautiful, it is vigorous and generous of bloom. Plants grow 1 foot tall, spreading two feet across, and best of all they bear lots of flowers over the whole area and during a very long blooming period.

9070 SCARLET LUSTRE......Trade Pkt. 2.50; 1/32 oz. 14.50; 1/16 oz. 28.00; 1/16 oz. 1/16 oz.

FI HYBRID GRANDIFLORA PETUNIA

×

With the first garden plantings being made during 1958 Blue Lustre sets a proud standard of excellence for hybrids yet to be introduced bearing the Lustre name.

How does it excel? In beauty, bounty, endurance, and in style. The rich depth of color is beauty itself, for the blooms first open to the deep purple-blue of Elk's Pride, attaining warm reddish undertones as the flower matures or in hot weather, and finally ending as a silvery midblue, preserving all the while the high style of waved and gracefully reflexed petals.

In bounty it is unmatched among blue grandifloras, producing many more flowers than any other in our trials. This large crop of blooms is partly due to the number carried at one time on the plant, but it is even more the steady productive capacity of the plants. We have found Blue Lustre regularly the earliest grandiflora in our trials, and have been much impressed by its ability to continue to bloom without interruption until long after others have died.

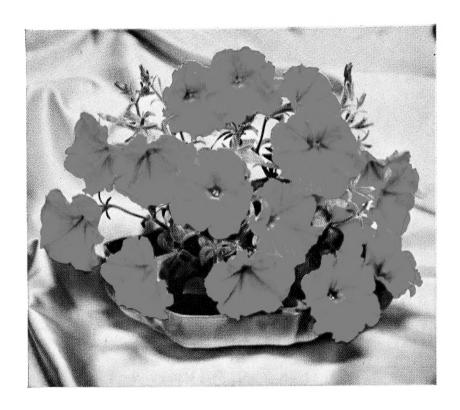

9052 BLUE LUSTRE......Trade Pkt. 2.50; 1/32 oz. 14.50; 1/16 oz. 28.00; $\frac{1}{8}$ oz. 52.00; $\frac{1}{4}$ oz. 95.00; $\frac{1}{2}$ oz. 174.00; 1 oz. 320.00.

Electros of the color plate 3106J, shown above, are available for \$55.00. A cut-down of the single flower in the upper left corner is numbered 3113G and is available for \$40.00. The large signature on the opposite page is number 3111, and the small signature on this page is number 3115. The price of either signature is \$20.00.

FI HYBRID GRANDIFLORA PETUNIA

Red Satin has been honored with high awards in the All-America Selections, International Flower Show, and countless local competitions, but it is not only flower judges who admire this F₁ hybrid petunia. The virtues of Red Satin are plainly evident even to the most inexperienced eye.

Virtue number one is color. The flowers are the most dazzling, intense scarlet-red in petunias, and they stay that way right to the end of the season.

Electros of the color plate number 3094G (above) are available for \$40.00 per set, or for the signature number 3101, here at the bottom of the page, for \$15.00.

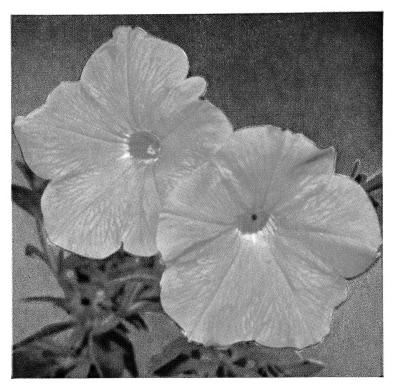

Virtue number two is plant type. Everyone appreciates the fact that this is one petunia that stays neat, compact and globe-shaped in any weather and at any age.

Order early to be sure of supplies of this popular hybrid.

9026 RED SATIN......Trade Pkt. 1.45; 1/32 oz. 8.50; 1/16 oz. 16.00; $\frac{1}{8}$ oz. 29.00; $\frac{1}{4}$ oz. 53.00; $\frac{1}{2}$ oz. 98.00; 1 oz. 180.00.

Pink Satin was the most photographed hybrid in our trials during 1957, and this is quite an achievement when you consider the fact that we had over two thousand petunia trial rows to choose from.

The reason no one with a camera could pass it by was the fact that it always seemed to be at the peak of perfection, with multitudes of bright rose-pink blooms, perfect compact mound shape, and fascinating satiny texture.

9018 PINK SATIN.....Trade Pkt. 1.45; 1/32 oz. 8.50; 1/16 oz. 16.00; ½ oz. 29.00; ¼ oz. 53.00; ½ oz. 98.00; 1 oz. 180.00.

Electros of the color plate shown above, number 3109GA, are available at \$40.00 per set. The signature at the bottom of the page is number 3103, available for \$10.00.

While Peach Satin has a flower color exceedingly difficult to represent on paper, to many people it is the most appealing in the F_1 hybrid Satin series. Young blooms are almost coral in tone, softening as the flower unfolds to a warm salmon-pink. Plants are compact, floriferous and long-lasting.

9016 PEACH SATIN.....Trade Pkt. 1.45; 1/32 oz. 8.50; 1/16 oz. 16.00; $\frac{1}{9}$ oz. 29.00; $\frac{1}{4}$ oz. 53.00; $\frac{1}{2}$ oz. 98.00; 1 oz. 180.00.

Electros of the color plate shown above, number 3108H, are available at \$47.50 per set. The signature at the bottom of the page is number 3118, available for \$15.00.

This year, after a number of generations of breeding and trial, we are proud to introduce Confetti, an F_2 multiflora petunia mixture of unusual merit.

Our goal in this mixture has been to attain only clear, sharp colors, rejecting any lines which broke down into faded-looking blooms. The result is a very gay color series, ideal for bedding purposes.

The plants are of the nana compacta type, 12" to 16" tall, and reveal their hybrid breeding by the large number of blooms, vigor and strength of plant, and sustained flowering period.

9078 CONFETTI Oz. 5.00; lb. 50.00

Electros of the color plate #3121G (above) a re available for \$40.00 per set, and of the signature #3090 (left) for \$20.00 per set.

Electros of the illustration at the bottom of this page, #3084G, are available for \$40.00 per set. The signature at the right is number 3088, for \$20.00.

Through skillful application of modern breeding techniques this F_2 grandiflora petunia mixture affords an immense color range in predominately waved, ruffled or fringed $3\frac{1}{2}$ -inch flowers. The hybrid vigor in these plants makes this one fancy petunia that is reliable in any home garden.

Crackerjack has turned out to be one of the most respected flower varieties in the world, and certainly the most widely adapted giant african marigold mixture ever planted.

Strongly favorable reports have come in from South Africa, Australia, New Zealand, many countries in Europe, Canada, the United States, and even Alaska, where large flowered marigolds had never been grown before. Formal honors have been frequent and widespread, including a Highly Commended rating by the Royal Horticultural Society at its Wisley Trials in 1957.

All in all, this is a variety which simply displaces older african mixtures such as Sunset Giants. The reasons for this rapid change-over are several.

Instead of being very late to flower, Crackerjack blooms several weeks ahead of other african marigolds, early enough to be useful even in the far north. Instead of being variable in flower size Crackerjack is uniformly large-flowered. We have never seen or had any report of single flowers showing up in the mixture. Instead of being so tall as to be easy prey to wind and of awkward height in the garden, Crackerjack is compact, bushy, and only two-thirds the height of Sunset Giants. Instead of burying good flowers beneath the foliage, Crackerjack holds them all proudly in view. Instead of being a chance color range as in a field-grown mixture, Crackerjack is kept in perfect balance by having its primrose, yellow, gold and orange components grown separately and blended for accurate control.

Many seed houses have already abandoned all tall african marigolds in favor of Crackerjack, and we suggest that you do so, too. Excellent colored lithographed packets are available from both Schmidt and Stecher-Traung. If you can use quantities of 20 lbs. or more, please write for special prices.

4996 CRACKERJACK Oz. 1.25; lb. 10.50

Electros of the color plate number 3092H, shown below, are available for \$47.50 per set. You may also obtain electros of the signature on the opposite page, #3091, at \$20.00 per set.

Mandarin

Mandarin exhibits two important improvements over older cosmos varieties. The brilliant orange flowers are strongly double, with as many as 40 petals, and the plants excel in unusually heavy, tenacious foliage.

3232 MANDARIN Oz. 1.25; lb. 10.00

Electros of this color plate, #3105G are available at \$40.00 per set.

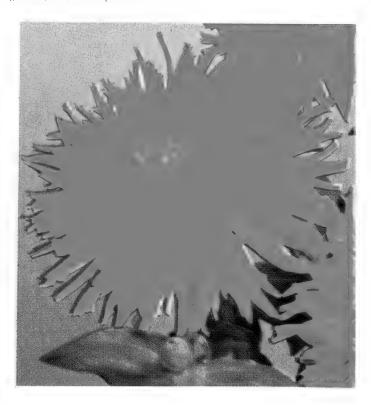

Here is a new giant cactus flowered zinnia that genuinely glows with color. The scarlet flame center is surrounded by outer petals of bright golden orange, and the plants are both husky and most generous of bloom.

1308 PRIDE OF DIELDRIN Oz. 1.45; lb. 13.50

Electros of the color plate below, #3114G, are available for \$40.00 per set, and of the signature above, #3116, at \$20.00 per set.

The most widely distributed zinnia novelty in years, Ortho Polka has quickly captured the public fancy wherever zinnias are grown. They like it because it's big, bold, and novel.

It is really not enough to say Ortho Polka is a giant flowered Peppermint Stick, for while it is true that the flowers are double the size of the older strain they are also different in character. Peppermint Stick is a pumila type; Ortho Polka is a giant striata mixture with typical flat, broad, 4 inch flowers and wide, well-separated petals.

Colors in this bright mixture are extremely varied. They include combinations of pink and white, rose and white, lavender and white, purple and white, scarlet and yellow, orange and yellow, red and orange, as well as some solidly colored flowers. We have altered our planting formula this year to increase the percentage of yellow and orange blooms with scarlet striping, making the effect in garden displays even more colorful and more prominently striped.

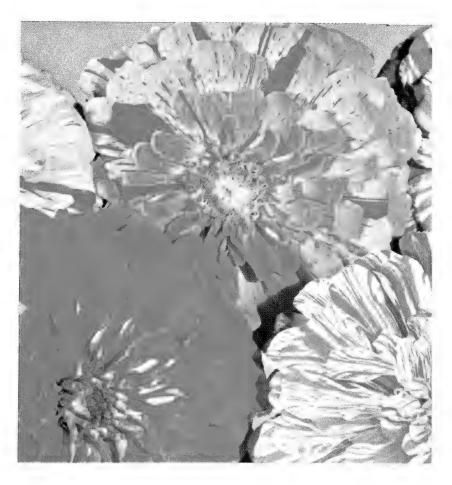

The extent of variations in marking is surprising, for even on a single plant bearing rose and white flowers, for instance, early blooms may be almost entirely white with flecks of rose on a few petals, later they may be white with distinct rose stripes, still later the proportion of rose and white may become evenly divided either in dots or stripes, and some appear strongly rose with white markings. You will occasionally find blooms that are divided right across the middle, with one half the flower one color and the other side a contrasting color — a most startling effect.

This continued variation in color markings keeps the gardener's interest at a peak all summer. We, too, find it hard to confine ourselves to only a short walk in the production fields, for there is always one more interesting combination a little farther down the row.

Both Schmidt and Stecher-Traung have excellent color packets.

1586 ORTHO POLKA Oz. 1.25; lb. 10.50

Electros of the Ortho Polka plate on the back cover #3097K are available at \$70.00 and cut-downs like this one #3098H for \$47.50 per set.

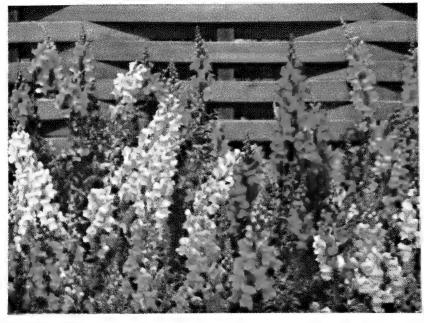

Firmly established as the leading F_2 hybrid snapdragon, Mardi Gras combines the advantages of earliness (to escape damaging heat) with hybrid vigor for long spikes and the extreme color range possible only by the precise application of the F_2 breeding method. In a good sized planting you can count at least 20 colors and color combinations.

1898 MARDI GRAS Oz. 1.50; lb. 15.00

Electros of this illustration #3096G are available for your catalog at \$40.00 per set, or of the signature at the top of the page, #3089, at \$20.00 per set.

What's new?

Out of the hundreds of items in our catalog it is hard to pick out the new and different. Here's help.

HOW TO ORDER
When you have an order with a number of items just fill in the quantities in the space next to each item in this catalog and send the whole book to us in the enclosed postage-free envelope. We will promptly mail you a fresh catalog. If you have only a few items, use our speedy self-mailing order blanks, available bound in books on request.

BODGER SEEDS Ltd.

Division of John Bodger and Sons Co.

1762 N. Tyler Avenue, El Monte, California, U.S.A.

Telephone Glibert 8-6141 EXCLUSIVELY WHOLESALE

Cable Address "Bodger El Monte" All Codes

TERMS AND CONDITIONS OF DELIVERY

Prices quoted in this list go into effect immediately for spot sales and 1958 crop contracts, superseding all previous quotations. All orders of 4 ounces or over will be charged at the pound rate; all orders under 4 ounces will be charged at the ounce rate except where otherwise designated. Please note that it is generally to your advantage to order ½ lb. rather than 3 ounces.

The minimum charge for each item billed will be fifty cents, due to the cost of handling small units.

All seeds are quoted F.O.B. El Monte, California, terms 60 days net, less 1 % cash 30 days. All invoices payable in U. S. dollars in or by New York or Los Angeles Exchange. All overdue accounts subject to sight draft without further notice.

Bags and containers will be charged at cost and are not returnable.

We reserve the right to change any or all prices in this list without notice.

In case of crop shortages, orders will be filled pro rata only.

Crop failure or any cause beyond our control releases us entirely from delivery.

BODGER SEEDS LTD. warrants to the extent of the purchase price that seeds or bulbs sold are as described on the container, within recognized tolerances. Seller gives no other or further warranty, express or implied.

Should fulfillment of any order or contract be prevented or delayed by the act of God, war, blockade, revolution, prohibition of exports or imports, riots, strikes, lockouts, fires, and/or detention at sea or any other contingency beyond our control, we shall not be responsible for any loss and/or damage thereby.

PICTURES, PLATES AND PUBLICITY

KODACHROME SLIDES: We can supply high-fidelity 35mm slides ($2'' \times 2''$) of many of the flowers we grow. These are close-ups of individual flowers or groups, manufactured from our professional-size originals. Each 50c

HORTICULTURAL COLOR CHART: This is the most complete and useful compilation of horticultural colors available in the world. Assembled in two volumes of individual, unbound sheets which greatly facilitate color matching, the set is issued in collaboration with the Royal Horticultural Society and includes 200 pages with four graded tones of color on each page — a total of 800 different color blocks. The descriptive material includes equivalent color names in four other systems (such as Ridgeway), the synonyms in six foreign languages, and horticultural examples (for instance, color block 640/2 represents the color seen in Scilla campanularia). In the Bodger catalog the sweet peas, which are frequently distinguished by minor color differences, are adequately described by one or two sets of figures taken from this color chart.

PUBLICITY MATERIAL: Each spring we send a series of releases of garden information to hundreds of newspapers, radio and television stations, and magazines. They are widely used by garden editors. If you have need for this type of material, or if you have a suggestion to make concerning the addition of a publication or station to our list, just drop us a line and we'll be glad to comply. The service is free.

PICTURES, PLATES AND PUBLICITY (con't.)

ELECTROS: We can supply electrotypes for use in printed matter of a great number of the pictures offered on the preceding page. 120 screen, usually square finish. Chosen from our Electro Catalog, our seed catalogs, or a selection of photos, and MADE UP TO ORDER ONLY. Allow ten days for completion of your order. Prices below apply to copper. For nickel-steel, add $25\,\%$.

COLOR PLATES: We have a large selection of color plates available. 120 screen, square finish, vinyl mold nickelsteel. Chosen from our Electro Catalog, our seed catalogs, or proofs submitted, and MADE UP TO ORDER ONLY. Allow ten days for completion of your order.

Electros and Color Plates are supplied unmounted (patent base) unless mounting is specifically requested. There is an additional charge of $25\,\%$ for mounting. If we do not have an electro the size you need, you can purchase a photo and have your printer make a cut for you. Electro Catalog available free.

ELECTRO PRICES ARE AS FOLLOWS:

Note: Our electro prices directly reflect the standard electrotyper's scale in Los Angeles, which in turn reflects the high wages now paid in the engraving industry. We cannot control this. Before ordering, consult your printer. In some localities he may be able to have engravings made at lower cost than our prices.

SIZE	APPROX. DIMENSIONS	BLACK & WHITE	4-COLOR PROCESS
A	1 1/4 " x 1 1/2 "	\$3.25	
В	2" × 2"	3.75	*********
C	2" x 2 1/4"	4.20	\$20.00
D	2 1/4 " x 2 1/4 "	4.35	22.00

J	5" x 6"	8.65	55.00
K	Larger	13.85	70.00

If you print by lithography we can supply dot reproduction proofs of any of our color plates for easy conversion to offset printing. Cost is \$16.00 per set, regardless of size.

ASTERS

All Asters listed here can be grown by the home gardener wherever Asters are popular. Most of these Asters are also in great demand as florist's commercial varieties, especially those marked "f". In any case, seed we offer is of highest florist quality.

PRINCESS ASTERS (BODGER)

An ideal type for florists, suitable also for home gardens. Flowers have crested center that remains full when flower is completely open, surrounded by multiple rows of guard petals.

ASTER PRINCESS IMPROVED WILT RESISTANT (Marsha type)

New, compact branching plant form (identical with that of the variety Princess Marsha) 20" - 24" high, completely covered with 3" true Princess flowers when plants bloom in late August. Long stemmed blooms keep excellently when cut, while plants provide the best garden landscaping color when planted at 9" spacing. These varieties are so superior in plant and flower that we have dropped the old Princess strain from our cataloa.

ASTER BALL VARIETIES WILT RESISTANT (f)

A new race of large, all-double florist's cutflower asters yielding long stems under cloth or glass. Flowers normally bloom in mid- or late-August but can be flowered under lights earlier or in the spring. These top-quality asters are the successors to Royals for critical florist's growing.

Zinnia Pink Lady
The first new color in California Giant Zinnias
for many a year, Pink Lady is a bicolored variety
with a shrimp pink center and cream or buff
outer petals.

ZINNIA BODGER'S CALIFORNIA GIANT or MAMMOTH (f) (Bodger)

Introduced by us in 1926; most of the colors are of our introduction since then. This class makes fine cut flowers, especially for florists, as they can be forced nicely in the greenhouse. Flowers large and flat with long stems, very graceful. Colors which do not occur also in the Dahlia Flowered class are marked with an asterisk (*).

LARKSPUR

Larkspur Regal Brilliant Rose
With the addition of this desirable color to the
Regal class the color range is now complete. If
you have been listing Giant Imperial Brilliant
Rose be sure to switch to this new strain.

LARKSPUR REGAL STRAIN (af)

Retains the desirable height and basal branching habit of the Giant Imperials, but has Delphinium-like florets on long, thick spikes. Vigorous and early. The finest Larkspur on the market today.

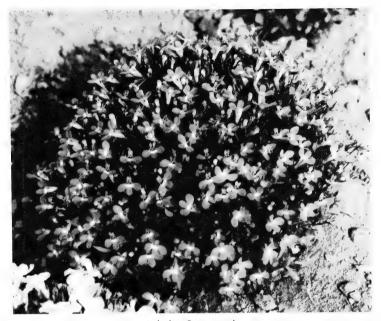

4536	REGAL BRILLIANT ROSE (Bodger), strong,	Per oz.	Per lb.
	deep rose	.75	6.00
4530	REGAL DARK BLUE, very deep violet blue	.75	6.00
4528	REGAL DEEP CARMINE (Bodger), richer and		
	deeper than Carmine King Impr. in the true		
	Regal plant habit	.75	6.00

		Per oz.	Per Ib.
4534	REGAL LIGHT BLUE. Similar in color to Blue Bell but with a true Regal habit. This we be- lieve the finest mid-blue	.75	6.00
4532	REGAL LILAC, pure clear lilac (H.C., R.H.S. '55)	.75	6.00
4538	REGAL PINK, brilliant pink on salmon	.75	6.00
4540	REGAL ROSE, rich florist's rose (A.M., R.H.S. '55)	.75	6.00
4544	REGAL SALMON ROSE, rich color	.7 5	6.00
4546	REGAL WHITE, pure, superior to White King	.75	6.00
4552	REGAL FINEST MIXED, formula blend	.55	4.50
Revision the Suprem we are reto Imperials.	SUPREME (af) n of our larkspur list after careful evaluation lectass this year in favor of the Regal class. aining is Salmon Supreme, which we are listing GIANT IMPERIAL af)	The only	variety
For flo	rist's and general use. The tall spikes of stems $4'$ - $5'$ long are compactly placed on ι	double pright p	flowers, lants.
4430	BLUE BELL (Bodger), ALLAMERICA SELECTIONS '34 azure blue	.75	6.00
4432	BLUE SPIRE, very deep violet blue	.75	6.00
	BRILLIANT ROSE. Dropped in favor of the new Regal Brilliant Rose.

Lobelia Rosamond Since a carmine-red color is so novel in compact

lobelias it has made Rosamond a quick success in this field. The flowers are brightened by the presence of a white eye.

LUPINE AN	NUAL	Per oz.	Per lb.
4694	HARTWEGI FINEST MIXED. Long, graceful spikes of tightly placed pea-shaped flowers in dark blue, light blue, rose, and white	.7 5	6.00
LUPINE PERENNIAL			
4710	RUSSELL, seed grown from originator's stock. Magnificent spikes with large florets in yellow, orange, purple, red and many bicolors	.95	7.50

MARIGOLD AFRICAN

(Tagetes erecta)

GIANT FLOWERED TYPES

MARIGOLD GIGANTEA MIXTURES (Bodger) (a)

Strong growing plants $3\frac{1}{2}$ tall, bearing huge ruffled, tightly petaled ny-flowered blooms: the largest of any Mariaold.

peony-flowe	ered blooms; the largest of any Marigola.		
4998	EARLY SUNSET GIANTS, old standard giant Marigold, in orange, gold, canary, lemon and primrose. We strongly recommend Crackerjack as a greatly superior variety	.95	7.50
4996	CRACKERJACK ® The new giant flowered marigold that is early, compact, strongly double, and free flowering. See pages 12-13 for more detail. (H.C., R.H.S. '57)	1.25	10.50

MEDIUM FLOWERED TYPES

MARIGOLD	CARNATION FLOWERED (a)	Per oz.	Per lb.
Loosely	petaled flowers 3" or more across, borne on	2'-2 1/2 '	plants.
4704	BURPEE GOLD (A.M., R.H.S., '48), odorless foliage.	.80	6.50
8528	FRILLS, a little dwarfer than Real Gold. Flowers slightly smaller, tighter, with frilled and waved petals, pure gold. Compact plant with odorless foliage	.95	7.50
	GOLDEN WEST, dropped because of declining demand. We suggest Guinea Gold as a good substitution.		
4790	GUINEA GOLD, pure orange, the first of this type, extensively reselected	.85	7.00
4718	MAN-IN-THE-MOON, creamy primrose	1.35	12.00
4720	SMILES, early golden yellow of the Guinea Gold type (A.M., R.H.S. '57)	.80	6.50
8526	REAL GOLD VALL-MERICA SELECTIONS '45, the largest flower in the Carnation flowered type, 41/2" and more across. Pure gold; plants very uniform, 20"-24" high	.95	7.50
4786	YELLOW SUPREME (f), creamy yellow, large, tightly petalled flowers	.70	5.50
8522	CARNATION FLOWERED MIXED, all colors in this type 20"-30" high	.70	5.50
	CHRYSANTHEMUM FLOWERED (a) t flowers with petals tightly incurved, $2 \frac{1}{2}$ "-3' high.	or more	e across
4792	COLLARETTE CROWN OF GOLD (H.C., R.H.S., '48), golden orange flowers with collar of broad guard petals. Odorless foliage	1.00	8.00
4788	GLITTERS VALUATION '51, slightly dwarfer, much earlier version of the Mammoth Mum bearing slightly smaller flowers	1.25	10.00
4784	MAMMOTH MUM (f) WILLIAMENCA SELECTIONS '44, tall, strong plants bearing 3 ½" light yellow flowers on excellent stems. Florist favorite.	1.25	10.00
4708	MISSION GIANT GOLDSMITH, VALE-AMERICA (2) (SELECTIONS) '41, pure orange	1.00	8.00
8510	MISSION GIANT YELLOWSTONE, ALEANERICA (SELECTIONS) '42, pure canary yellow	1.00	8.00
8512	MISSION GIANT MIXTURE		8.00
MARIGOLD	AFRICAN TALL DOUBLE (Fistulosa) (af)		
4736	LEMON ALL DOUBLE (A.M., R.H.S. '48)	.80	6.50
4734	ORANGE ALL DOUBLE (H.C., R.H.S. '48)	.80	6.50
4748	ALL DOUBLE MIXED, uniform, high double-	.65	

MARIGOLD	TALL AFRICAN (a)	Per oz.	Per lb.
4754	ALL SORTS MIXED, including fistulosa as well as carnation and chrysanthemum flowered types.	.65	5.00
	DWARF MEDIUM FLOWERED TYP	E	
MARIGOLD	DWARF CHRYSANTHEMUM FLOWERED (a)		
8570	CUPID YELLOW, bright lemon yellow flowers $2 \frac{1}{2}$ "-3" in diameter completely covering the compact 8" plant. Quite early, odorless foliage. A color packet is available	1.60	16.00
8574	CUPID GOLDEN, light gold	° 2.00	20.00
8572	CUPID ORANGE, rich orange counterpart to Cupid, same plant height, flower size, earliness. Odorless	2.00	20.00
8576	CUPID MIXED, blend of above three. A color packet is available.	1.60	16.00
MARIGOLD	DWARF LARGE FLOWERED (a)		
4722	HONEYCOMB, 15" plants bearing truly huge flowers of deep orange, with tubular petals that resemble a honeycomb. Excellent and early; odorless. (H.C., R.H.S. '57)	2.00	20.00
5052	POT O'GOLD, deep golden orange $3 \frac{1}{2}$ "-4"	.75	6.00

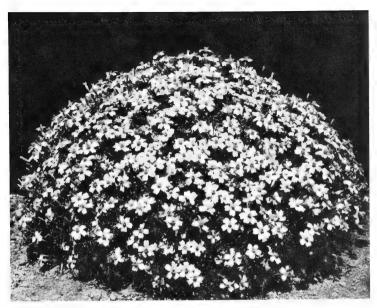

MARIGOLD FRENCH

In double French Marigold, we recommend the Harmony (or crested) type whenever possible as it flowers much more profusely under difficult outdoor conditions. Classification is by plant height.

EXTRA DWARF DOUBLE TYPES (6" - 8")

MARIGOLD	HARMONY FRENCH EXTRA DWARF (a)		
5092	BUTTERBALL (Bodger), ALLAMERICA AN SELECTIONS '42, soft butter yellow	.80	6.50
8534	GOLD CREST (Bodger) (H.C., R.H.S. '48), gold	.80	6.50
8536	LEMONDROP, full double canary yellow, compact plant	.80	6.50
5088	MIDGET HARMONY, ball-shaped plant for pots, edging, flowers same as Harmony	.80	6.50
5096	SPRY ALL-MARKA SELECTIONS '41 (H.C., R.H.S. '48) yellow bordered mahogany	.80	6.50
8532	SUNKIST (Bodger), ALFAMERICA SELECTIONS '43 (A.M., R.H.S. '48, and again '57), orange. Our strain, as you can see, is repeatedly honored in competitive trials	.80	6.50
5086	SPRY HYBRIDS, gay mixture of colors; extra dwarf type, remarkably uniform and early	.70	5.50
8538	FINEST MIXED by formula from the separate varieties	.70	5.50

MARIGOLD	FRENCH LILLIPUT (a)	Per oz.	Per Ib.
4894	YELLOW PYGMY, ALLAMENTA SELECTIONS '40, lemon.	.70	5.50
	DWARF DOUBLE TYPES (12" - 14"	")	
MARIGOLD	FRENCH DWARF (a)		
8548	COLOR MAGIC, large flowers variegated yellow gold and mahogany, on dwarf plants.	.70	5.50
8550	FANDANGO or RUSTY RED, huge deep red flowers on plants vigorous and uniform. THIS IS THE BEST RED MARIGOLD	.80	6.50
8662	TANGERINE, orange companion to Fandango; they are a matched pair. 2" taller but same color as Melody	.80	6,50
4780	SCARLET GLOW, ALL-AMERICA STREETIONS '35 scarlet	.80	6.50
MARIGOLD	HARMONY FRENCH DWARF (a)		
4798	HARMONY (A.M., R.H.S. '48), early, golden yellow bordered maroon red	.65	5.00
8530	MELODY, ALL-AMERICA SELECTIONS '42 (A.M., R.H.S. '48), pure orange, compact	.80	6.50
5090	SPOTLIGHT (Bodger) (H.C. R.H.S. '48), early yellow bordered maroon red	.80	6.50
5094	HARMONY HYBRIDS (Bodger), all colors	.65	5.00
	DWARF SINGLE TYPES		
MARIGOLD	FRENCH DWARF SINGLE (a)		
8588	DAINTY MARIETTA, similar in size of bloom and color markings to Naughty Marietta, this selection grows only half as tall. Plants 6"; flowers 2"	.70	5.50
8560	NAUGHTY MARIETTA ALL AND ACTIONS 47, (A.M., R.H.S. '48), yellow 2"-21/2" flowers with mahogany base, plant 12"-14". The finest single Marigold offered today	.70	5.50
MARIGOLD	TAGETES SIGNATA PUMILA (Signet Marigolo	d) (a)	
4892	URSULA, more compact and 2" or 3" shorter than Gnome. Flowers golden orange		10.00

Signet Marigold Ursula
Bodger publicity releases mentioning this type of
marigold resulted in a flood of inquiries from
the public last year. Ursula is the best Signet
to date and well worth calling to your customer's attention.

TALL DOUBLE TYPES (2' - 21/2')

PAPAVER (See Poppy)

PENSTEMON (p)

....5386 CHOICE MIXED, $2'-2\frac{1}{2}$ with full color range 2.00 20.00

HIGH HUMIDITY KILLS SEED

In seeds as well as in people, "It ain't the heat—it's the humidity!"

The storage conditions you give your seeds can reach any reasonable warehouse temperature if you can keep the seed dry. Dry conditions help, even on a short-term basis, the drier the better.

F, HYBRID PETUNIAS

Extremely vigorous, generally low-growing, mound-shaped plants covered with flowers even under difficult growing conditions. For garden bedding and border use; each plant covers 24" (65cm) of space when mature, except the Satins which are more compact, and flowers until frost. Approximately 345,000 seeds per ounce. Offered only in sealed packets.

A trade packet contains approximately 1/192 of an ounce. Orders for 1/32 oz. or more of F_1 petunias will be filled in sealed trade packets if you wish, at no extra charge. For example: An order for 6 trade packets will be priced the same as for 1/32 oz., 12 trade packets the same as for 1/16 oz., etc. Please specify "in packets" or "in bulk." We cannot accept orders for less than one trade packet.

If you would like to have a mimeographed sheet of cultural instructions for germinating $F_{\rm I}$ hybrid petunias, just ask us for it. The instructions are written particularly for professional growers.

PETUNIA F: HYBRID MULTIFLORA (af)

9026	RED SATIN (Bodger) ALL-MERICA SELECTIONS '57. The new and vivid scarlet-red dwarf All-America winner pictured and described on pages 6-7.
9016	PEACH SATIN (Bodger), a lovely new multiflora with unusually large flowers which open first to a coral color, changing the next day to an appealingly soft salmon-pink. Plants are well-behaved, compact and carry the will-to-bloom feature so prominent in the best F ₁ hybrids. Described and pictured on page 9.
9018	PINK SATIN (Bodger), fine, dwarf, globe-shaped plants with a solid mass of satiny, lustrous, bright pink blooms. An inch or so taller than Red Satin, but of the same compact habit that just doesn't split open as the plant grows older. Described and pictured on page 8.

INTERMEDIATE TYPES

Petunias in this class have medium-sized flowers and compact plants. They, like the Giant types, are unique and beautiful enough to merit the painstaking ''brush-every-flower'' hand pollination technique necessary for their production.

for their pro	oduction.	Per 1/16 oz.	Per 1/4 07.	Per oz.

Electros of this Cupid Marigold plate #3066G are available at \$40.00 per set.

#### CUPID MARIGOLD

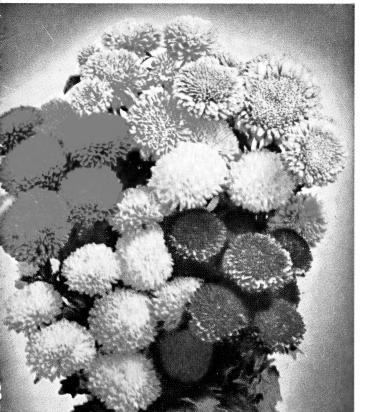

Neat little 8" plants which bear startlingly large and double flowers since they are african rather than french type.

8570 CUPID ...... Oz. 1.60; lb. 16.00

#### **POWDERPUFFS ASTER**

Still the leading aster novelty of the past decade, Pewderpuffs is a Bodger specialty which, with us, retains its color balance and upright bouquet type plants.

294 POWDERPUFFS ...... Oz. 2.00; lb. 20.00

Electros of this Powderpuffs Aster color plate #3077H are available at \$47.50 per set.
